WAXING & EYELASH EXTENSION

WAXING

The desire for smooth, gentle and fair skin has been aspired by all ever since the ancient times to the present. Nowadays, waxing has become more than just an aesthetic "removal of hair from body." Instead, it has now become a concept of hygiene and treatment from environment and diseases. 21C Beauty Line waxing education goes beyond the mere act of waxing. We view waxing as medical care, from the skin and the hair. We teach the waxing systematically, as a medical concept combined with skin care.

CURRICULUM

- Understanding and Defining of Waxing (Theory)
- Types of waxing products and usage
- Sanitation
- Structure and Feature of the hair and skin
- Preparation of waxing materials and explanation
- Different types of wax according to body parts
- Definition of the Brazilian
- How Brazilian Waxing Works
- Precaution during performing
- Design for hair line & Brazilian
- Perform body waxing on model
- Post-management

The emphasis of this course is...

To study the growth of the hair and its removal methods.

How to treat a client with good etiquette.

To give advice for proper hair grow after Brazilian,

How to keep cleaning your material.

How to organize comfortable environment.

How to offer worthy services to client.

EYELASH EXTENSION

Many women are paying closer attention to beautifying themselves naturally. Eyelash extension creates naturally beautiful eyes, and has become the basic treatment for all that can produce the maximum aesthetic effect with lower cost. 21C Beauty Line's eyelash education teaches how to become a beauty specialist, from theories about skin and hair, and various application skills, to customer management and practical business skills.

We have two courses in Eyelash extension class; Basic and Professional.

BASIC COURSE

Basic eyelash extension is a single strand eyelash extension. By attaching single lash to the each strand, it creates naturally clear eyes.
